Ald. Schlei & Chief Reimer,

I called John Junk back and left him a voicemail stating that I would forward this request to the P.D. to find out if we have any accident data at this location due to U-turns.

If done correctly, it is probably not a big deal, but I would imagine people are pulling out of Kwik Trip and then slowing down for the U-turn and the traffic coming from behind them are speeding like a race car.

I also stated in the message that this would need to go to Public Safety for action on the request for the No U-Turn Sign.

Do you feel that we should put this request on the April P.S. Committee Agenda?? Thanks.

Subject: Sign Request Dewey St at Kwik Trip

John Junk (973-3592) called to request a No U-Turn sign be placed on Dewey Street on the Median across from the exit to Kwik Trip. He stated there are a lot of cars that pull out and make a u-turn around the median which has caused many near accidents.

Please check and contact him with your findings.
