**Subject:** Proposal to clarify city' position on discrimination.

Amber,

Can we please add this to the public safety agenda for November.

The resolution would read as follows:" The City of Manitowoc does not condone discrimination by any individual or group based on race, creed, sex, national origin, disability, age, status as a parent, or pregnancy and, in fact, find these acts to be reprehensible and, in many cases, illegal. If this type of activity is reported or discovered within our city limits, we will act in accordance with local, state and federal laws to defend the rights and safety of our residents and visitors."

If I've missed anything in there, let me know.

Thanks,

Bill Schlei  
District 8 Alderman
