Good Afternoon Alder Schlei,

Could we add this to a discussion for January's Public Safety Committee meeting?

Thank You.

Respectfully,

Alderman Brett Vanderkin

Dear Sir, I ask that you look into parking on this Street.as the neighbor continually parks on the road and is a hazard to traffic and city vehicles

trying to do plowing/salting during the winter months and also the garbage service equipment. This is not to mention emergency vehicles if there is

a need. This part of thirteenth St. is unimproved and has no curb/gutter or sidewalk. The street is narrow as for two vehicles to pass and that is it.

This road is used by my wife and myself as our garage is on S. 13th St. and also the neighbor to the south also uses this to access there property.

I believe the city needs to make this part of 13th . St. **no parking** as it causes undue hardship for traffic as there is only one lane available when a

vehicle is parked on the street. I have previously contacted the city P.D. and they state there is no ordinance prohibiting this. I have also E-Mailed

you at least twice with no response.

I look forward to hearing from you on this matter!
