Use voting buttons above.

This is an unbudgeted request. This is a Buildings and Grounds item, I believe it should probably go to Finance and PI. Dan, thoughts on PI?

Shawn:

I have two agenda items I want to bring to Thursday's meeting. Both are time sensitive, so I would very much like to include them this month. The first is for Council Approval of a museum Art and Treasures sale on June 3-5, 2022. This sale is to include books and decorative elements that are not part of the museum's art collection. Friends of the museum will also be donating art for sale. We intend for proceeds to benefit museum collections care. See attached memo.

The second request is for an unbudgeted request I'm submitting to CAWG. This is for improvements to the museum's HVAC system that were proposed by a system assessment conducted on the facility. We would like to get these changes implemented by summer so we can protect artwork from spiking humidity levels. Dan and JJ have reviewed the system assessment and are in favor of improvements.

Please let me know if more info is needed to get these to Finance Committee. Especially the latter – I have not done a CAWG request.

- Greg
