Good Afternoon:

I ran an inquiry for the last 5 years from the 3800 – 4100 blk of Wildwood Dr. There are no accidents reported.

FYI – see the email below. Alder Reckelberg received a concern from Amber Fox Brewer about the parking on Wildwood when events are taking place in and around Luthern High School. I will get it added to the next PS agenda.

Sandi – Can you pull accident data for me on this?

Thank you,

Subject: RE: Agenda Items

Good Morning Ald Reckelberg,

Item #1 will be presented at the next PI Committee meeting. It will be held on July 7th at 5:30 at City Hall in the Council Chambers.

Item #2 will need to go on the Public Safety Committee. I copied Greg (Engineering Dept) and Amber (Police Department) to include on their agenda.

Thank you for letting us know of these concerns.

Subject: Agenda Items

Sonja:

I've been trying for the past two weeks to get ahold of John Brunner to get a couple items on the Public Infrastructure Committee.

I ran into the City Attorney Kathleen at the compost site and she told me that you put together the Committee's agenda.

I have two items I believe need to come before this committee.

Item 1, At the far north end of Knuell Street and Red Fox Ln., cars have been driving between them through peoples side yard. There is a street planned there in the future, but it doesn't exist now. Talking with Dan Koski, he said they could put up a few posts and perhaps put some kind of cover down on the gravel to keep the dust down. He told me this should go to the Public Infrastructure Committee for resolution.

Item 2. Amber Fox Brewer, a copy of her email to me earlier is shown below. She has a concern about the parking on Wildwood Street when various functions are taking place in and around Lutheran High School. I believe Public Infrastructure handles these types of requests, if not please inform where this matter should go?

If you could inform me the Date, Time, and Place when the matters above will be taken up I'd be very appreciative.

If you have any questions, please do not hesitate to give me a call at 920-973-6365

Todd

This would fall under the Public Infrastructure Committee. I've included John Brunner in on this email as he is the Chairman of that Committee.

I would ask that he include an item on his next agenda to discuss and possible action regarding this matter. I would also ask that he email us the date, time, and location of that meeting when he schedules that item.

Thanks for bringing this concern to our attention.

Thanks,
Todd

I have some concerns in regard to the parking on Wildwood around Lutheran High School. It is very dangerous when there is parking on both sides with events going on. There are constantly people..mostly children...darting into the street. What can be done to install some sort of flashing crosswalk like what is near Wilson or only having parking on one side of the street? Who do I need to talk to in order to get this looked at?
