Subject: External: Traffic change/parking on 11th St

Hi Erik:

I'm emailing regarding an intersection in our district that has become pretty hazardous since the change over to 2 way traffic.

The intersection of New York ave and 11th street, specifically at the stop sign next to Hartmans, it's impossible to see southbound traffic due to the amount of cars that are parked on that side of the road many days nearly up to the intersection.

I think a no parking area to the corner would make sense (there is one on the opposite side of the st) in this area otherwise I'm guessing it's only a matter of time before an accident occurs here.

Thank you for taking the time to read my email!
