**Subject:** RE: External: Garbage

I think that we should take this to the PI Committee in April.

Greg,

This is Kevin and Amy Beeman's backyard..... Where are we at with this Country Lane ditching project with the Alderman?

Scott this never goes away?

Mike

**Subject:** External: Garbage

Hi Mike -

Example 53...kidding, not really.

But someone's garbage floating down the sludge behind the house.

This is stuff we have to pick up and take care of after heavy rains. And that wood pile in our corner that you have seen before, that is all from what comes through there, none of it is ours.

Very frustrating,  
Amy

**Attachments:** IMG\_2016.JPG; IMG\_2014.JPG; N Rapids- property outside City.pdf

Sonja,

Since we are going to be talking about the drainage issues by Cedar Court, I think it makes sense to bring this request for re-ditching the Airport Drainage Channel north of Country Lane to the Committee as well in April.

Scott,

Greg Minikel, Jill Erickson and I met with Kevin Beeman yesterday afternoon regarding the ditch problem again. I took more photos now that some of the cattails were coming down. You can see a lot more debris, logs, boards from the photos.

Can you take a look at this property on North Rapids Road south of Vinton which is outside the City to see if the debris might be coming from them, now that the leaves are off? Can you maybe contact Manitowoc Rapids to look into this?

Thanks Mike

I had too many photos to attach to this email so I put copies of the photos in the shared drive and labeled it Country Ln Water Issue. If you need anything else from me, let me know.

Kevin,  
I will forward these photos and Scott Keil photos to the City Engineer.  
After the leaves fall I will bring Greg out there to look at it in person.  
Thanks Mike
