**TO:** Public Infrastructure Committee

**FROM:** Jeremy Walvoord, Buildings and Grounds Manager

**RE:** Requesting up to \$10,000 Aquatic Center pool filters

Request for up to \$10,000 from the Aquatic Center Fund Balance for full maintenance of the pool filter at the Aquatic Center.

I recommend the City get this filter system and have the 10-year maintenance done by a pool maintenance contractor.

- Proper maintenance of the filter system should cut back on chemical usage.
