Discussion and possible action on parking restrictions in the city owned parking lot adjacent to the WWTF???????

I think we just ask the committee their desire and then draft the ordinance this time.

I can get it added to the PS agenda for Monday. Can someone advise how this item should be titled?

In the past, we would present the committee with the drafted ordinance. I am not sure who I am supposed to have draft the ordinance.

Hello,

We should get an ordinance in the books to enforce this. I cannot find one in the MMC unless I am just missing it.

Nick,

I do not believe that we ever addressed this issue in the code.

I thought that Bill Handlos had this built as part of the construction when Quay St. was extended and built down to the Car Ferry (2006).

Perhaps, we should be putting this on the P.S. Committee agenda to get the MMC updated to be in conformance with the signage what we have out there.

Hello Greg,

I have tried searching for this lot in the MMC and cannot find an ordinance to go with this lot. Do you know if there is one?

Thanks,
Nick

Could we maybe get better signage down there?

Billy?

Hello,

I am forwarding this to third shift to enforce this parking issue. The signage is not great, but I suppose we could

chalk tires at the beginning of third shift and check on the vehicle about 4 hours later. I would prefer the signs said no parking 11pm to 5am or 4am depending on when fisherpeople (politically correct I would think) start fishing in this area. That way we would not have to somehow prove that they are "overnight" parking.

I've gotten a few of these complaints now.

Could we do some overnight checks on this lot?

Sign clearly says no overnight parking..

Mayor this is Scott Krause , operator at the Wastewater plant. I just wanted you to be aware that the fisherman's parking lot is full with Badger folks and 5 parked illegally even though the sign says no overnight parking. Yesterday the parking on the road west of their ticket office was also 95% full. No fisherman we're on the pier either. If this keeps up and when fishing gets good on the pier, there will be nowhere to park.

Thanks,
Scott
