Received a call a little while ago from Brad of ESI. They plan to be in town this Thursday to spray on a weed killer. This will not kill any grass only weeds.

After 7-10 days they will come back to town and re-seed. Brad has 2 methods in mind (till or hydro) but has not determined what to do yet.

Received a call from John Streu that ESI should be in town Thursday August 25 to address lack of grass growth on Custer Street , S 30th Street and North 8th Street sidewalk project.

ESI will start Custer Street first.
