

Mayor Letz

It warms my heart that you have committed to serving another town with us on Council. I hope you received my last text message. We need more people like you to run for office.

A gentleman always asks a lady; never tells her what to do. If you had known that before, I would've supported you for County Executive.

If you and Amanda are interested, I hear Susan is an excellent dance instructor 920-889-1889

Thank you for always properly conducting yourself as a gentleman. Chivalry is not dead.

With kindness,
