Subject: Spring Cleanup

Dan,

Every year we get multiple complaints that the northwest side of the City is always first for spring cleanup and the ground is still frozen and residents are not able to do raking. Randy, Chad, Billy and I discussed this and came up with an alternative that we think will work. We are recommending:

The 1st two weeks brush would be picked up. One week on the north side and one week on the south side.

The 2nd two weeks rakings would be picked up. One week on the north side and one week on the south side.

This will require an ordinance change.

If you have any questions, please let me know.
