

City of Manitowoc

Fire Rescue Department

PERFORMANCE STANDARDS	MEASUREMENT	PERFORMANCE
Administration and Leadership		
1. Ensure emergency response performance standards on scene are safe, efficient and in conformance with adopted MFD policies and guidelines.	Respond to emergency scenes involving fire, emergency medical, HazMat and technical rescue to view that operational standards are followed. Conduct monthly activity reports to determine workload and review NFIRS incident log.	
2. Develop department plans and SOPs based on SOP accountabilities, national guidelines and city strategies.	Review department plans and annual goals as well as SOPs on a quarterly basis (January, April, July, October)	
3. Develop budget priorities based on the current fiscal year goals and section needs.	Create inter-department budget goals for capital, expansion and operating by July in preparation for presentation to city finance and administration.	
4. Increase professional skills and training levels by funding and providing professional growth opportunities.	1. Ensure that all Chief Officers attend at least one (1) outside training seminar each, per fiscal year	
5. Increase professional skills and training levels to all members by providing internal opportunities for leadership development and communication of department issues.	Ensure officer development occurs on a quarterly basis and that meetings of company officers occur each month with a regimented agenda and discussion session. This shall be integrated into the department's training calendar.	
6. Provide continued compliance with industry standards and operating recommendations.	Ensure MFD operations and goals coincide, as feasibly as possible, with the recommendations of the Insurance Service Office, and the Fire Service Accreditation Group.	
7. Ensure continued involvement in research to improve efficiency and effectiveness of operations.	Provide resources and personnel to ensure MFD involvement in local, regional and national research projects.

PERFORMANCE STANDARDS	MEASUREMENT	PERFORMANCE
Administration and Leadership		
8. Participate in local government projects and events for fire department recognition and involvement.	The MFD should provide resources as available to city events and projects to provide input, direction and general assistance.	
9. Evaluate all personnel annually as part of on on-going evaluation program.	The MFD should ensure all personnel are properly evaluated, with required documentation, annually.	
10. Monitor the budget of all revenue and expenditure lines to ensure appropriate management.	The MFD shall record and manage monthly budget status of all lines and ensure a budget surplus.	
11. Maintain awareness of station and facility needs through inspection and improvement.	The department should evaluate facilities to identified problems and anticipate needs prior to critical situations occurring.	
12. Publish a monthly department report to disseminate important information	Number of distributed copies of monthly and verification that report is posted on department website.	
13. Conduct meetings with the following groups at the specified intervals: Command Staff: Weekly; Company Officers: Monthly; Entire Department: Quarterly	Number of meetings held in each category.	
14. Review SOPs and implement new policies as the need arises.	Number of SOPs developed/revised and implemented at quarterly department meetings.

PERFORMANCE STANDARDS	MEASUREMENT	PERFORMANCE
Emergency Medical Services (EMS)		
1. Ensure proper medical protocols are followed and that interventions are used that are appropriate and necessary.	Respond to emergency incidents, and through the quality assurance process, demonstrate effective and proper EMS skills. IV success should be > 80%, and intubation success should be > 90%.	
2. Maintain or exceed the adopted emergency response time standard for emergency medical care in and outside of city limits.	Respond to emergency medical scenes within four (4) minutes, 90% of the time within the city limits, and within eight (8) minutes, 90% of the time when response is to areas outside the city limits.	
3. Response Improve cardiac survival rates during medical emergencies involving patients in cardiac arrest.	Respond to emergency scenes involving patients who are in cardiac arrest and provide necessary basic and advanced life support at an appropriate level. Equipment failure should occur <1% of the time and a survival rate of 20% or greater should be attempted (ROSC).	
4. Reduce lost time to Communicable Disease and Infectious Disease of firefighting personnel when exposed.	Deliver infectious control training and ensure proper follow-up to all possible exposure cases.	
5. Reduce Medical supply shortages and equipment malfunctions on all EMS units.	Minimum required inventories of equipment established and needs communicated to purchasing authorities.	
6. MFD will oversee a comprehensive quality improvement EMS program.	1. Conduct a minimum twelve (12) EMS CEU classes per year (4 per quarter)	
7. Recognize ST segment elevation myocardial infarction (STEMI) incidents in the field and produce an on-scene to hospital arrival time of less than 15 minutes.	Through the quality assurance process, review STEMI occurrences each month and review with medical control as necessary.
