Total estimated cost	\$ 150

Requesting Supervisor/Manager Comments:

Captain McGinty advised that this training fits Det. Lecher's current assignment as an ICAC and computer investigator. The training will also be at minimal cost to the City of Manitowoc because DCI will reimburse all the costs except food.

What are the objectives for the training?

This summit will focus on new innovations in child protection, AI Software, and where tech and investigations are moving in the future.

How will this training be shared / implemented upon return?

Det. Lecher will utilize the skills and informations he learns from this training in ICAC and computer forensic investigations.

How will this training benefit the City? What is the return on the investment?

The City of Manitowoc will benefit from this training because Det. Lecher will be learning new information on AI, current trends, and he will utilize this information in his investigations for the Manitowoc PD.
