OWNER-OCCUPIED REHABILITATION PROGRAM

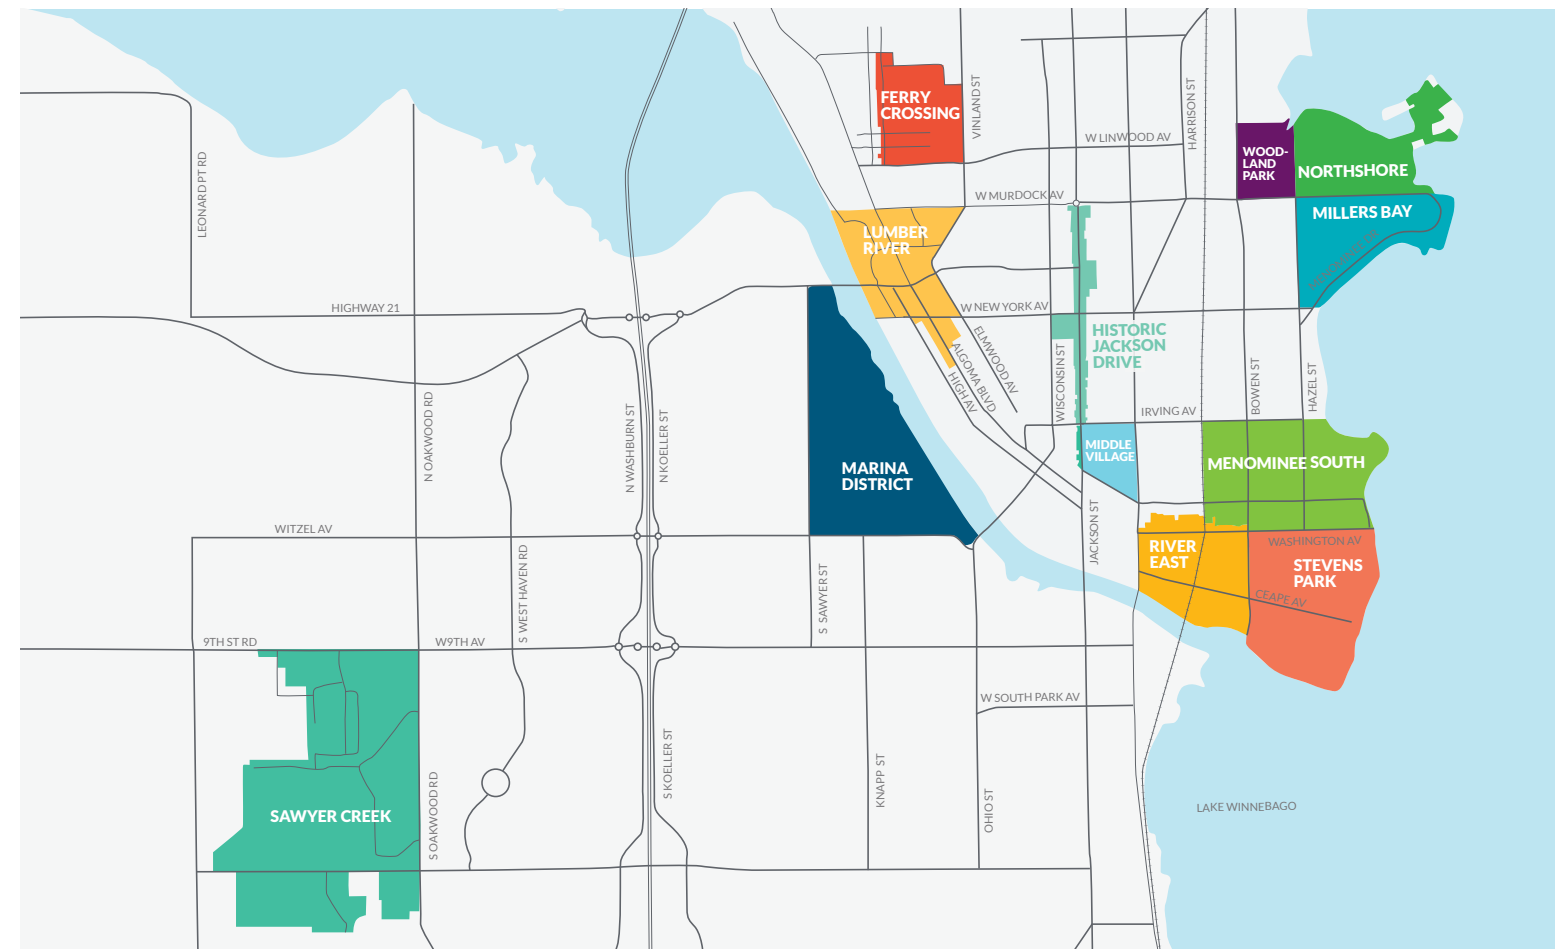

The Owner-Occupied Rehabilitation Program is part of ONE Oshkosh - Our Neighborhoods Engage.

The City of Oshkosh Owner-Occupied Rehabilitation program was created to provide property owners with a flexible and affordable financing option to make quality improvements to their homes.

Proposed projects should enhance the image, market, and physical conditions of residential owner-occupied properties within Oshkosh. Eligible program participants living within a participating neighborhood (see map) could receive a 15-year loan up to \$30,000 to make repairs to their property.

Owner-Occupied Rehabilitation program funds cannot be applied to improvements that have already been started or completed. Pre-approval is required. Funds are available on a first-come, first-served basis and are subject to funding availability.

Income Requirements

Income documentation in the form of the most recent pay-stubs and tax returns are required to apply for the Owner-Occupied Rehabilitation program. Applicants may not spend more than 30% of their monthly income on housing related expenses at the time of application. Household income cannot exceed 150% of the County Median Income based on family size.

Terms

Repayment incentives may be considered on a case-by-case basis upon application submittal. Below are the general terms that will apply for each Owner-Occupied Rehabilitation Loan:

- 15-year loan up to \$30,000 (up to \$35,000 if project meets the additional incentive requirements) with quarterly payments starting once the work is completed.
- Zero-percent interest rate for the term of the loan.
- Loan is secured by a mortgage on the property.
- Applicant must remain in the home while the loan is being repaid. If the home is no longer the applicant's primary residence or the property is sold before the loan is fully paid, the remaining loan balanced must be repaid at the time of sale.
- Applicant must maintain homeowners insurance on the property during the term of the loan.

Additional Incentive

An additional \$5,000 forgivable incentive is available for projects that reduce the number of units in a structure. Only legal units in place at the time of application will be eligible for the forgivable incentive (e.g. if a project involves converting a duplex to a single family home, the maximum city funding that would be available would be \$30,000 for the structure and \$5,000 for reducing the number of units, for a total of \$35,000).

Additional Requirements

- An annual city inspection of property may be required for the term of the loan.
- All change orders must be approved by the City.
- All work requiring a contractor must be done by licensed and insured contractors.
- Owners cannot be compensated for their labor or time on the project.
- Materials and component items must be of reasonable quality and be approved by the City of Oshkosh - Community Development staff.
- For owner-occupied duplexes:
 - Owner responsible for providing alternate, decent, safe and sanitary housing for tenants temporarily displaced by work.
 - Tenant may not spend more than 30% of their monthly income on housing related expenses at the time of application.
