Subject: Request for Street Light on S. 25th St. just south of Western Ave.

Steve,

Do you see any issue with approving the request for a new street light on the east side of S. 25th St. just to the south of Western Ave.??

It would be located on an existing pole (Pole #1H-8417). It does seem like there is a dark spot in this area.

Warren (Sonny) Steffan from 2501 Western Ave. called me last week requesting a street light be installed at this location. I told him we would look into it and if we felt it was appropriate, we would bring it to the PI Committee for approval.

His phone number is 323-2680 if we need to get in contact with him.
