Hello,

I do not live in the immediate neighborhood of the McKinley property but I am within several blocks and I am a lifelong Manitowoc resident. I strongly believe rehabbing and using this property for the proposed purpose planned by The Neighborhood is indicated and would be safe in this (really any) neighborhood. I believe this type of housing model is something that is well documented as a need for our community.

When the proposal comes to the council, please vote "yes" to approve the CUP.

Thank you,
