To the Person Addressed:

Enclosed is a copy of an initial application filed with the Public Service Commission (Commission) by Point Beach Solar, LLC. The application seeks authority to construct and place into operation a new solar photovoltaic electric generation facility to be located in your area. Pursuant to Wis. Stat. § 196.491(3)(a) and Wis. Admin. Code § PSC 111.51(4), the Commission has directed the applicants to send an electronic copy of the application to the clerks of each municipality and town in which the proposed facility is to be located and to the main public library in each county in which the proposed facility is to be located. Please place this copy, along with a printed copy of this letter, in an area where it will be available for public review until July 1, 2019.

If the application is found by the Commission to be complete, a copy will be sent to you at that time. Additional correspondence will also be mailed to you, other interested parties, and all landowners potentially affected by the project. These mailings will list your office as a location where the public may review the project application.

All documents relating to the project may be viewed through the Electronic Records Filing System available at the Commission's website, <http://psc.wi.gov/>. The docket number listed above, 9802-CE-100, can be used to access the documents.
