

Corporate Partnership Agreement

OVERVIEW

In today's workplace, employees need the skill sets necessary for success – not just labor skills, but also the critical thinking skills of abstract reasoning, problem solving, communication and teamwork. With Lakeland's Corporate Partnership program, opportunity awaits those ready to return to the classroom and attain these valuable skills. Lakeland's courses are unmatched in flexibility, offering classes at its seven Wisconsin centers. Through Lakeland's signature BlendEd course format, students seamlessly transition week to week between the traditional classroom and online as needed. BlendEd also offers the ability to broadcast live lectures to students outside of the classroom, connecting face-to-face and online students in one, interactive classroom environment.

BENEFITS TO THE EMPLOYER
