**Subject: RE: Waldo Blvd bicycle Lane**

Maybe this should go to Public Infrastructure Committee for discussion?

Good Morning Gentlemen,

Now that the Waldo Blvd construction is complete and the State has moved on, I would like to see us use the extra wide right lane in either direction as a dedicated bicycle lane.

In my estimation, this is something that should have been included in the Waldo project from the beginning, but since that didn't happen, here we are.

Before anyone says "There's not enough additional width to allow for a bike lane", let's explore the possibilities and figure out how we can make it happen. I travel the country and see bike lanes as part of much narrower streets than this and I think that Waldo, being the single largest East/West thoroughfare on the north side, is perfect for this addition.

Let's make it happen!

John
