Hi Sheri,

We would like to place the order for the most cost effective option, the \$871.50 option. Hoping we can still get the extended discount. I appreciate the already substantial discount, this would not be possible without your support.

What other info do you need from me to process this order?

Thanks,

Curtis Hall

Hi Curt,

I talked to Bill this afternoon and we're going to provide a pretty substantial discount off our end user price of approximately \$1,400 to help you out. Please note that if you place the order before December 31st, I can add a little bit more of a discount for you.

Images of both types of windscreen:

- Polypropylene

- Polyester

Option 1: Polypropylene windscreen in dark green; this is what is often purchased for uses similar to yours.

Before 12/31/19

Approximate weight - 67 lbs							QUOTE TOTAL	\$949.61		

*_*_*

I assume you'd be able to pick up the order when it's ready?

Production lead time is currently about 3 to 4 weeks from the date ordered.

Please let me know if you have any questions or need additional information.

Thanks!

Hi Sherri,

Attached is a drawing of the two fences we need to cover along with couple pics that might help visualize the layout.

I think we need a minimum of #2- 6'x40' rolls and #2-6'x30' rolls, and maybe #1-6'x20' roll. Preferably green.

Can you please provide a quote.

As I mentioned on the phone, if you are willing to work with us on a donation or a cost share that would be much appreciated and would be willing to install a sign or whatever you would like at our cost. We do have many other donation and volunteer opportunities at the Zoo if that is something you wish to explore further.

Let me know if you have any other question

Curtis Hall
