Public Infrastructure

Manitowoc Wi

Hi;

My name is Allen Ziebell and I live at 813 Marshall st.

My cell # 920-905-4867.

I am in the processing of getting a Garrett Ace 300 Metal Detector. (infor attached)

I would like approval to be able to use it in the park and beach areas. I have read the policy of the city, and I agree to turn over all historical objects to the city.

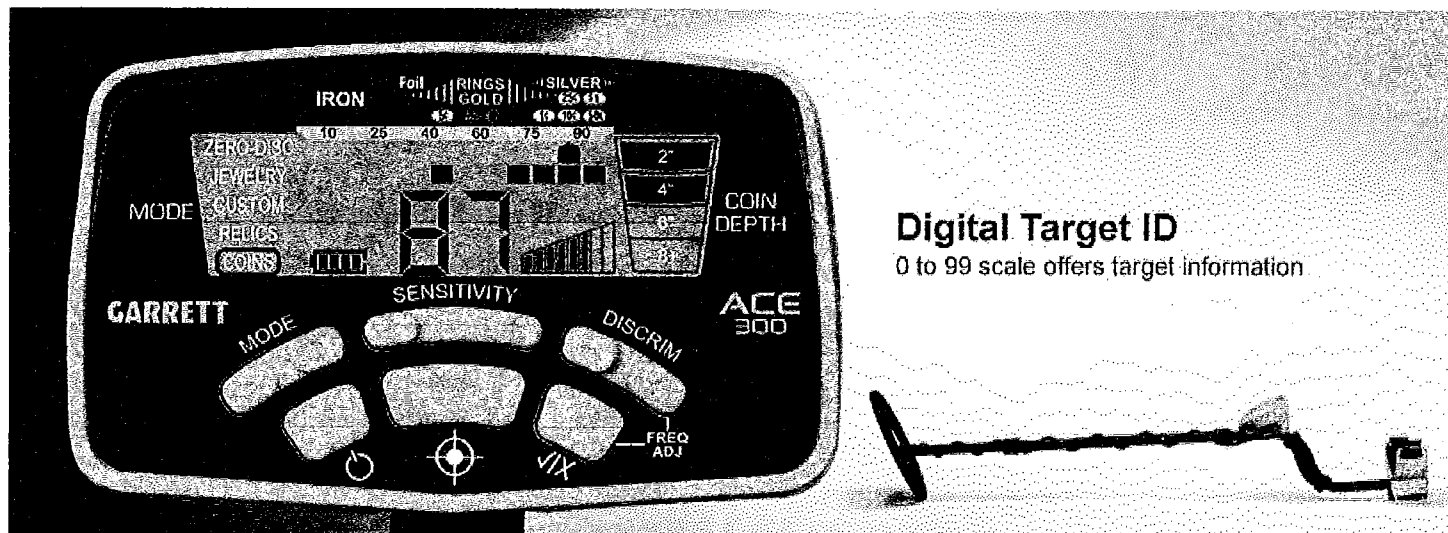

Allen Ziebell

Digital Target ID

0 to 99 scale offers target information

Available only in United States

ACE™ 300 Metal Detector

PN: 1141150.....MSRP: \$299.95 (U.S.)

Includes 7" x 10" **PROformance™** submersible searchcoil (as shown) with **3 FREE** Accessories*:

- Volume control Garrett ClearSound Easy Slow headphones
- ACE Environmental Coverup
- 7" x 10" Searchcoil cover

Garrett has placed big features into the ACE 300—Digital Target ID, better detection abilities, a new audio system, and more—for a price that can't be beat.

Key Features

- Digital Target ID: 0 to 99 scale offers target information
- 7" x 10" **PROformance™** submersible searchcoil offers more coverage, depth
- Higher frequency (8 kHz) provides better sensitivity on low and medium-conductivity targets (i.e. gold, lead)
- Increased Iron Resolution: twice the iron resolution of an ACE 250, to help overcome target masking in iron-laden hunt sites
- Adjustable Frequency to help eliminate interference
- Camlocks for increased stem stability
- Includes Pulse-Width Modulation audio: sharper, more responsive audio
- Includes Electronic Pinpointing: precisely locates targets and speeds recovery
- Notch Discrimination: Modify discrimination patterns based on what you are seeking.
- Five Search Modes (plus Pinpoint)
- Eight (8) Sensitivity/Depth adjustments

Highly Recommended - Coin Hunting, Competition Events, Dry Beach/Fresh Water Hunting

Recommended - Jewelry Hunting, Relic Hunting, Ghost Town Hunting, Prospecting
