Hello, my name is Kirk Bennett. I live in Manitowoc and own a home. I would like to start a small business numbering the curbsides at residential homes. For sometime I was a resident of Florida and it is a common practice to do this. It aids in making your address more visible, which in turn helps Law Enforcement, First Responders and Delivery persons. I do not know if Manitowoc allows this, or if it is something that would be considered? I am uploading 2 images that I would feel would be appropriate if approved. Of course the homeowner would pay for this service at their own discretion. Thank You for your time Kirk Bennett
