Subject: External: Personnel Meeting - February 6, 2023

Dear Personnel Committee,

I have viewed the video from the February 6, 2023 meeting at which two firefighters submitted a request for an extension on the 25-mile requirement. I am shocked and appalled at the threat issued by Council President Czekala. I am also disappointed that no one present in that meeting immediately addressed the threat.

The two young firefighters were respectful in addressing the committee. I do not feel that they were asking for anything unreasonable, especially considering the unusual state of the housing market in our area.

Physical threats to anyone in our community cannot be tolerated. What is being done about this matter?

Sincerely,

Tracy Voelker
