Alderman Kummer,

Would you be willing to discuss at the Public Infrastructure Committee a discussion and possible action on allowing dogs in parks?

Appleton just approved this: <http://www.postcrescent.com/story/news/local/2017/05/18/council-approves-dogs-appleton-parks/101712874/> with limitations, which is also what I would seek if we changed anything. As you recall, we briefly discussed this during the 2017 budget discussions.

I look forward to the discussion. Thanks.

- Justin
