Subject: Item for Finance Committee on 7/7

Good afternoon Alder Brey,

Could you please add the following item to the Finance Committee meeting:

- Approval to conduct structural assessment on walkway behind River Lofts

The City is in discussion with the condo association about future maintenance of the walkway behind River Lofts, which is an extension of the Mariner's Trail that will hopefully someday connect to the Peninsula and the rest of the City's trail system. Before we take over maintenance responsibility, we'd like to have a structural assessment done so we know how much life is reasonably left in the deck. We asked the condo board to take on this assessment responsibility, and they declined, which is why I'm seeking permission to have this done.

Thank you for your consideration.
