Hi Greg,

I will assign the fence issue to Liz and she can get started on it.

When it comes to the donation policy, I've copied Mackenzie so she knows it will be on the agenda.

Kathleen

**Subject:** Mirro Site and City Donation Policy

Liz:

We met on Monday morning at the Mirro Site to get our ducks lined up on the fence wrap project. I would like to get together with you and the designer, Stephanie Carpenter, asap so we can hammer out the contract for her work. Attached is a draft I came up with. It is based on the museum's independent services contract. Will you be in next week?

Regarding the city donation policy, I need to request that language be drafted to omit the Rahr-West from the policy voted on in August, which would significantly inhibit our ability to accept artwork donations and monetary donations. I have a potential donor willing to pay for a significant piece of art, but I can't act on it under the present rules. The Rahr-West board has always been granted the right to accept artwork, as it is believed that they are more capable at judging the cultural value of donations. Let me know what we need to do to get this on the Finance Committee agenda in January.

Finally, I thought you might be interested in a sale of some Stickley.

It really ties a room together.

- Greg
