Hi Dan,

Here is the notes sheet that I provided Greg with at our previous meeting stating a list of concerns. This was discussed multiple times throughout the design process since 2015 in which the you and/or Greg had attended (OPM, PIM, etc..) The design engineer followed the FDM when this was considered early on.
Thanks

Marc A. Holsen

Good afternoon Marc,

As I think we mentioned to you, we have had a number of requests to provide pedestrian crossings on Rapids Road. We understand that the county had considered their installation, but deemed them to be unsafe so they were not incorporated into the reconstruction.

By any chance do you have any supporting data or meeting minutes related to this that you could share with us?

Thanks, we appreciate it.

Dan
