Dan Koski
Director of Public Infrastructure
City of Manitowoc
900 Quay Street
Manitowoc, WI 54220

Dear Dan Koski:

I am writing you today to request that the ditch in front of our property, located at 32 Albert Drive, be re-graded for better drainage. The far-east portion of the ditch does not drain west towards the storm sewer inlet. The drainage issue does not just occur during the spring thaw, but also throughout the year after heavy, soaking rainfalls. It should also be noted that the water in our ditch can only be drained to the west as the ditch does not continue to the east neighboring property.

I look forward to your response on this issue.

Sincerely,

Brandon Bartow, President
Bartow Builders
