

## Public Notice of an Air Pollution Control Permit Application Review

### Facility Description

Briess Industries Inc, located at 605 Washington St , Manitowoc, Manitowoc County, Wisconsin, FID 436034720, submitted to the Department of Natural Resources (DNR) a permit application, including plans and specifications for revision of 436034720-P41 for operation of a Barley Receiving, Cleaning & Malting facility; and construction of several conveyors and product bins to Process P48, and modify P49-P56.

Air pollution control construction permit no. 21-JAM-108.

Air pollution control operation permit no. 43603472A-P42

### Application Review

DNR has prepared an analysis and made a preliminary determination that the application meets state and federal air pollution control requirements and that the permit may be approved. You can view the permit application, the DNR's analysis, preliminary determination and draft permit, and other materials considered by the department using the Air Permit Search Tool located at <http://dnr.wi.gov/topic/AirPermits/Search.html> or by contacting Jordan Munson at (608) 733-0174 or by e-mail at [jordan.munson@wisconsin.gov](mailto:jordan.munson@wisconsin.gov).

For questions about the permit application or the DNR's analysis, preliminary determination and draft permit please contact Jordan Munson at (608) 733-0174 or by e-mail at [jordan.munson@wisconsin.gov](mailto:jordan.munson@wisconsin.gov).

This is a preliminary determination and does not constitute a final approval from the Air Management Program or any other DNR sections which may also require a review of the project.

### Public Comments

Interested persons wishing to submit written comments on the application or DNR's review of it or wishing to request a public hearing should do so within 30 days of publication of this notice. Posting and Public Comment Deadline dates can also be found on "Air permit public notices" web page located at [http://dnr.wi.gov/cias/am/amexternal/public\\_notices.aspx](http://dnr.wi.gov/cias/am/amexternal/public_notices.aspx). Comments or request for hearing should be sent to Jordan Munson at [jordan.munson@wisconsin.gov](mailto:jordan.munson@wisconsin.gov) or to:

Wisconsin Department of Natural Resources, Bureau of Air Management, 101 S. Webster Street, Box 7921, Madison, WI 53707-7921. Attn.: Jordan Munson.

If a hearing is requested, the requester shall indicate their interest in the permit and the reasons why a hearing is warranted.

All comments received by the DNR at the public hearing if one is held, and prior to the close of the comment period, will be considered prior to making a final decision regarding the proposed project. After the close of the public comment period, a final decision will be made on whether to issue or deny the air pollution control permit. Information on the public commenting and hearing process is available at <http://dnr.wi.gov/topic/AirPermits/Process.html>.

Reasonable accommodation, including the provision of informational material in an alternative format, will be provided upon request for qualified individuals with disabilities.

For Part-70 sources, the revised operation permit will not be issued until after the United States Environmental Protection Agency (US EPA) has an opportunity to review a proposed permit for 45 days. A draft proposed permit has been provided to US EPA on the same date this notice was posted on the Internet. The start date of the US EPA review period is posted on the Internet at <http://dnr.wi.gov/topic/AirPermits/Search.html>. If significant comments are received during the 30-day public comment period, EPA requests sequential review, or DNR decides to proceed with sequential review, DNR will post a sequential proposed permit to the website listed above and start US EPA's 45-day review period after the 30-day public comment period. DNR's website will specify the start date of US EPA's

45-day review period. Unless US EPA objects in writing within the 45-day review period, DNR will issue the final operation permit revision as proposed. Any person may petition US EPA under 40 CFR Part 70.8(d) within 60 days after the expiration of US EPA's 45-day review period to make an objection to the operation permit revision.

*Notice: Any information, including personal or contact information, submitted to the department may be considered a public record. Records may be publicly disclosed either in paper form or electronically and could be searchable on the Internet.*
