RE: Zoo Roof's

Dear Jim,

At your request, I have compiled the following estimates for replacement of two roofs at the zoo. The estimates are based on removing the existing copings and ballasted membranes, then installing new 60-mil ballasted membranes and reinstalling the existing metals. The existing insulation assemblies would also be reused.

Bear Building	\$6,670.00
Cat Building	\$7,585.00

There is an optional 15-year material and labor warranty available for \$600.00. If the buildings are done at the same time, it would be one charge. If they are done at different times, there would be a separate \$600.00 charge for each building.

You may also want to have a contingency fund in case some of the existing insulation is found to be wet.

If you have any questions or desire alterations to the above scope of work, please call me at 684-5559.

Respectfully Submitted,
