Dear Members of the Board,

I hope this letter finds you well. I am writing to formally appeal the recent order regarding the control of what has been classified as noxious weeds on my property at 607 State St.

I would like to highlight my commitment to creating a habitat that supports local wildlife. My yard is certified as a wildlife habitat, and the plants in question play a vital role in fostering biodiversity and providing shelter for various species. I dedicate multiple hours each day to nurturing this habitat, ensuring it remains a thriving environment for wildlife.

During my conversation with your worker while he took photographs, he acknowledged that there was not much that needed to be done on my property. I believe my efforts to promote a natural environment should be recognized rather than penalized.

I respectfully request that the Board consider making an exception to the ordinance for my certified wildlife habitat, taking into account my dedication to environmental stewardship. I will include a copy of my wildlife habitat certification with this letter for your review. I am open to discussing solutions that respect both community standards and my commitment to wildlife conservation.

Thank you for your attention to this matter. I appreciate your efforts in maintaining the integrity of our community, and I hope we can reach a positive resolution.

Sincerely,

Kendra Cordova
