RE: Request to Change No Parking Zone on South 16th Street from Franklin to Washington Street

I was contacted by Brian Kazda who runs Innovative Automation Solutions, LLC at 900 South 16th St. His phone number is (920) 645-0086.

He is requesting that the City remove a portion of the old no parking zone on the west side of South 16th Street, so that he and his employees can park in front of their business. Currently, they park on the east side of South 16th Street abutting the former Mirro Building.

It would be a benefit to the oversized tower loads if these cars were not parked on the east side of the street. I see this as a win-win situation and would recommend the Public Safety Committee to discuss and hopefully approve this request.

I have attached a copy of Brian's business card and also a drawing that shows the area being requested for unlimited/unrestricted parking. I have also attached a copy of the existing ordinance with the recommended change that would be needed. Thanks.

Y:\Letters\Memo to Public Safety Comm - Request to Change No Parking Zone on S. 16th St. from Franklin to Washington St.doc
