RE: Great Lakes Energy Technologies LLC  
Parcel 809-401-033  
Wis. Tax Appeals Settlement

At the November 17, 2014 Common Council meeting, action was taken to rescind tax in the amount of \$39,567.08 pursuant to a Settlement Agreement between Great Lakes Energy Technologies LLC and Wis. Department of Revenue. Prior to making the refund, a recalculation was made and we found the tax to be refunded should have been \$39,586.07, instead of \$39,567.08, a difference of \$18.99.

Please rescind the additional tax in the amount of \$18.99. We will then issue a refund check for the total due Great Lakes Energy Technologies.
