NOTICE

Under the Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property but is not paid for his work or supplies, has the right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer and the proceeds of its sale used to satisfy the indebtedness. This can happen even if you have paid your own contractor in full, if the subcontractor, laborer or supplier remains unpaid.

Under the law, you may protect yourself against such claims by filing, before commencing such work of improvement, and original contract for the work of improvement or a modification thereof, in the office of the county recorder of the county where the property is situated and requiring that a contractor's payment bond be recorded in such office. Said bond shall be in an amount of not less than fifty percent (50%) of the contract price and shall, in addition to any conditions for the performance of the contract, be conditioned for the payment in full of the claims of all persons furnishing labor, services, equipment or materials for the work described in said contract.
