to extend our liquor license to
outside also that day only
and we will have the band

No problem on the license extension. You might want to tell them that noise complaints would still be valid and the police could come if called.

Jim Brey-Chair of Licensing Committee,
Attached is a letter from Van's Bar to extend their liquor premise on 9-6-2014. Do you want to approve this request and then send through Council on 9-15-2014?
