Subject: Fleetwood Drive Island Survey

Mackenzie:

Please include the attached to the Fleetwood Drive Resolution material for the City Council's Monday Dec. 16 meeting.

Just before I prepared this email, I see Greg Minikel sent out his own summary based on the Public Infrastructure Meetings video of Dec. 4.

Problem with his summary is there's reference to how other neighbors who were not there to speak for themselves are being portrayed.

That's why I prepared the attached as I documented exactly each person's own response regarding whether they wanted to retain the Island, wanted it gone, or didn't care one way or another. At each address I was able to speak directly with either both parties living there or at least one of them. Based upon the outcome of this survey is the way I told them I would vote. You can see by the tally, I will be voting to support keeping the Island, which also supports the Public Infrastructure Committee's recommendation (on a 4 - 0 Vote, 1 not present). During my visit with them, a number of them did bring up they understand that there will be maintenance involved, ie. Grass cutting, etc. if the Island is retained, but responded with their answer despite that.

If you have any questions, please do not hesitate to give me a call.

Respectfully,
Todd

The letter that Public Infrastructure sent out to the residents affected by Fleetwood Dr. reconstruction was interpreted two ways. Right or wrong, some interpreted that the Island was going to be removed while others interpreted that the Island would be replaced. Wanting to make sure as their representative that I understood their true feelings, I set out to contact each residence and ask them this simple question.

When the road is redone, do you want the Island to remain, should it be removed, or it doesn't matter to you one way or the other. Below are the responses I received during my survey.

As I told those I spoke with, the outcome of my survey would decide how I voted at the City Council meeting on Monday December 16. You can see from the tally below, the Yes to keeping the Island wone out, so I will be voting to keep the Island, which is the recommendation coming out of the Infrastructure Committee.

PROPERTY ADDRESS	#	RESPONSE
1 1134 FLEETWOOD DR	1 *	No Island
2 1204 FLEETWOOD DR	1 *	No Island
3 3104 WALDO BLVD	1 *	Don't Care
