Chad Scheinoha
Parks & Forestry
Operations Division Manager

Chad:

Dennis and I, on behalf of Citizens for a Scenic Lakeside, are seeking permission to display banners on each end of the boulevard islands on Lakeside Blvd. The banners are 15' tall and all will depict the stars and stripes of the American flag. You have seen them used by many businesses, and we noticed how nice the flag banners looked when HFM displayed them at their marathon this year. We plan to display the banners on five special occasions during the year; Memorial Day, 4th of July, Flag Day, Labor Day and Veterans Day. We will fundraise and cover all costs associated with this project. We would use the type of holders that set flush to the ground so they will not interfere with grass cutting or maintenance in these areas. We have flower gardens on each end of every island along Lakeside Blvd. and Dewey St. up to 9th St. We believe that putting a banner behind each garden would be beautifying the area and promoting patriotism.

If you have any suggestions, we would appreciate your input. As you know, our group continues to work hard on our objectives to keep Manitowoc a great place to live.

Thank you,

Deb Hardy
