Sounds like we will discuss this next week. I can just add that historically these have been maintained by the streets crews (not sure why, Randy can maybe add more). I can only assume that they went along with the downtown banners. I also believe that there are no lights that point at the flags, so there would be a fair expense to make that possible.

I will bring whatever info I can dig up to the meeting next week.

Subject: Flags In Burger Boat Company and Manitowoc Shipbuliders Company Parks

Hello Everyone,

I received a call last week regarding the flag poles in the above mentioned parks. He was asking why we did not fly the American Flag at all times in these two parks. I had to check to see for sure but yes, each park has three poles with triangle flags on them (or as the gentleman called them "rags").

By me contacting all of you, I am asking if anyone has any knowledge of why we don't fly the American Flag 24/7? Would it be possible to do this at a minimal expense? Is this area lighted for nighttime? I think we could fly the American, Wisconsin and the city flag and it would look better than the rags flying there now. The gentleman said he would be interested in raising money if needed.

Let me know your thoughts.

Thanks!
