March 4, 2020

Dear Commission,

The purpose of this letter is to request approval of the list for new hires within the Manitowoc Fire Rescue Department. On February 20th and February 21st, 2020 the Manitowoc Fire Rescue Department Administration and Debbie Charney from the Human Resource Department held interviews for the position of Firefighter/Paramedic. In total four candidates were interviewed based upon qualifications and resumes submitted.

Of the individuals who participated and passed the process, I would like to create a list of the following:

Isaac Pethan
Dean Jensen
Tyler Tews

During the year, fire administration may decide to interview additional candidates. If they are eligible, they will be presented to the commission to be placed on the 2020 eligibility list. This list will expire upon acceptance by the commission.

Sincerely,

A handwritten signature in black ink that reads "Todd M. Blaser". The signature is fluid and cursive, with a long horizontal line extending to the right.
