The City has a substantial investment in the Springbrook Software Suite.

We have upgraded our software from 7.15 to 7.18, so this will allow city staff to receive hands on training, which can be brought back to train other city staff.

In addition, two of our staff members have been asked to present a session at the conference and will receive free conference fees for doing so.

Finance Director/Treasurer will receive reimb from Springbrook National User Group due to being on the board of directors for airfare and one nights lodging.
