Dear Common Council,

Please receive this as a request to allow us to have live music in our outdoor beer garden until 11pm on Saturday, June 23<sup>rd</sup> 2018. Our headliner for the night, Gerry Sloan, will be performing a 3 hour set from 8pm until 11pm. To our understanding, the city noise ordinance only allows outdoor music until 10pm, and we are requesting the City to grant us one additional hour. Gerry is performing in a different community in the afternoon and won't be able to arrive to set up at our establishment until 7:30pm, which is why he will have a later start than normal.

Thank you for your consideration for this request.

Sincerely,

Tim Moore
