Alder Sitkiewitz,

I would be happy to oblige. I guessing you will be attending.

Amber, please ad this subject for discussion.

Thank you both.

Alder Schlei,

I would respectfully ask for a discussion item on your next Public Safety meeting agenda.

I would like to discuss the parking of recreational vehicles on streets. I have been contacted about several nuisance vehicles over the years and again recently. Our code doesn't address these problems, and would like to make the committee aware.

I appreciate your comcideration,

Eric J. Sitkiewitz
