### **Employee Relations**

- Investigation and discipline for employees continues as requested by Department Heads and Supervisors.

### **Organizational Development & Training**

- The Tuition Reimbursement program continues to be used by employees. Supervisors have been encouraging employees interested in furthering their education to consider the program.
- The years of service and retiree recognition program has received positive feedback.
- Meeting quarterly with each department head to identify training needs, performance issues, succession planning, and feedback for HR.
- Several onsite and virtual employee and manager training opportunities for related to FMLA, worker's compensation, ADA, reasonable suspicion training, and leadership have been held over the past few months.

### **Compensation, Benefits & Wellness**

- Manty Health & Wellness Center is available to employees on the City's health plan. Gearing up to transition services to Froedtert/HFM effective January 2022.
- Wellness Committee – monthly health topics and lunch and learn programs.
- Working with Wellness Team to make updates to the City Hall fitness room.
- Working with Finance to update billing process with Mutual of Omaha.
- Switching EAP providers effective January 1, 2022. Moving to Supportline.

### **Safety & Risk Management**

- Continuing the lost time injury program, employees continue to report safety concerns.
- Working to meet the deadlines of the new federal requirements for the drug and alcohol clearinghouse for DOT drivers.
- The Safety Team is working on ways to remind employees that they should be making good choices and focusing on safety. We've had several minor workers' comp cases that could have been prevented with better use of tools and the proper use of safety equipment.
- Encouraging managers to schedule Active Killer drills in each City facility. The police department conducts these for us and gives employees excellent training on the things to be aware of in such a situation.
- The City will continue to use Advocate Aurora for occupational health services in 2022.

### **Administration**

- Working with several departments on revisions to job descriptions and potential job repricing.

### **COVID-19**

- Directing employees to proper channels when seeking medical services or benefits information.
- Working with benefits vendors to determine if COVID-19 affects any of the benefit offerings.
- Working with departments in which there are employees who have tested positive for COVID.
- Internal contact tracing for employees who are determined to be close contacts of someone who tested positive.
- Continuing to provide employees with information on where to receive COVID vaccinations.
- Working with employees who need ADA accommodations due to medical requests.
- Monitoring the CDC guidelines on the Omicron variant and best practices for organizations as the numbers begin to increase.
