Re: Resolution to Authorize Application of Urban Forestry Grant

DPI is requesting approval via resolution to apply for the Wisconsin DNR sponsored Urban Forestry Grant in the amount of \$25,000. If the grant application is successful, DPI will use these funds to help restore the urban tree canopy on terraces and within parks that have been degraded as a result of the Emerald Ash Borer.

This grant requires a 50% match. In the event of award, matching funds will come out of the 2024 Forestry operating budget which currently includes funding earmarked for removal and replacement of dead and dying ash trees.
