The Licensing Permits and Inspections Committee hereby make the following Findings of Fact, Conclusions of Law and Recommendation:

-
4. Pursuant to Wisconsin Statutes §125.12(2)(b)3, the Committee finds the allegations of the Notice of Intention Not to Renew the License are true.

CONCLUSIONS OF LAW

The arrest and conviction record of the applicant, while serious, is not sufficient in the judgment of the Committee to disqualify the applicant from renewal of her license. The Committee does feel, however, that any further offenses which substantially relate to the licensed activity would be sufficient cause for revocation or nonrenewal of the license.

RECOMMENDATION

The Licensing Permits and Inspections Committee hereby recommend that the license application of Tiffany A. Grosshuesch be granted.

Dated this 30 day of July, 2014.
