Subject: Walkway on Menasha Ave, St Francis Parish

Good afternoon Alder Howe,

I am writing to request an agenda item for your next Public Safety committee meeting. I was contacted by members of St. Francis Parish located on Waldo Blvd. The issue is there is a walkway that extends into the lawn terrace on Menasha Ave. and they would like to have no parking between signs placed so that the walkway would be open to people walking. The issue is more prevalent during the winter months when snow piles up on the terrace and then patrons parking on the street have to walk in the street to the corner to enter the sidewalk rather than climbing over plowed snow piles.

Attached are two photos for reference and I look for discussion and possible action at your next meeting. If you need any additional information please contact me before the meeting.

Thank you,

Eric J. Sitkiewitz
