Not a problem, I agree with keeping parking 25-50 feet away from driveways and crosswalks. We're fine with whatever you recommend in that regard.

Thanks.

Alex & Peter,

I generally agree with the area proposed for unlimited parking. My only recommendation will be to not allow any parking within about 25-50 feet of the driveway for the apartments and the proposed trail by the signed crosswalk. Especially by the crosswalk so that the pedestrians are visible for a long distance and not hidden behind parked cars. Legally or per State Statutes, it is 4 feet from a driveway and 15 feet from a crosswalk, but I would like to see these distances increase substantially for visibility.

I have forwarded your request to Amber at the PD for hopefully getting it on the September Public Safety Committee Agenda. That meeting will be on Monday, September 13th at 5:30 pm in the Council Chambers.

Subject: External: Bayshore Drive Parking Adjustment

Hi Greg,

Peter and I would like to request on behalf of Rivers Edge Manitowoc LLC to have a portion of the west lane of Bayshore Drive be converted to overnight parking. I believe the street is wide enough to allow for parking and it would help the Rivers Edge apartments during various holidays as well as family get-togethers that may happen in our clubhouse. Angelus Assisted Living would also likely benefit from the street parking during holidays. Additionally, I think some parking on Bayshore Drive would benefit trail users of the future trail that will run between Lincoln Park and Lake Michigan.

I am not sure if this would be for Public Safety or Public Infrastructure, but I am happy to attend if needed.

Thanks.

Alex Allie
