

May 22, 2021

I am opposed to the 12,000 square foot multi-purpose facility being proposed by Connection Church. This is a residential area and would impact the quality of life for those living in the area with such a large metal building being built adjacent to backyards. And would impact the quiet neighborhoods in the area with noise from pickle ball games proposed for use at the facility from 8a.m. until 10:00 p.m.
