Chicago, IL 60606

Attention: David Ullrich, Executive Director and Co-Chair

Dear Mr. Ullrich.:

Re: Designation of the NOAA Wisconsin-Lake Michigan National Marine Sanctuary

Please be advised Thorold City Council, at its July 18, 2017 meeting, adopted the following resolution:

Whereas, Wisconsin's Great Lakes contain some of the Nation's most important natural, cultural, and recreational resources; and

Whereas, in 2014 Governor Walker submitted a successful sanctuary nomination to the National Oceanic and Atmospheric Administration (NOAA) on behalf of the State of Wisconsin and the coastal communities in the proposed sanctuary; and

Whereas, in January 2017, based on the sanctuary nomination, NOAA proposed designation of the 1,075 square-mile Wisconsin-Lake Michigan National Marine Sanctuary which would protect 37 historic shipwrecks and related underwater heritage sites. Eighteen of the sites are listed on the National Register of Historic Places, and archival research indicates that as many as 80 shipwrecks are yet to be discovered; and

Whereas, the State of Wisconsin and local communities have invested in documenting, preserving, and celebrating Wisconsin's rich maritime heritage; and

Whereas, NOAA's National Marine Sanctuary System was established in 1972, and today the program serves as the trustee for a system of 13 national marine sanctuaries and two national monuments encompassing more than 600,000 square miles of ocean and Great Lakes water; and

Whereas, national marine sanctuaries draw regional, national and international tourism, impact regional and local economies, and are featured and promoted in national magazines, journals, books, and films; and

Whereas, national marine sanctuaries support a wide variety of educational programs to share the history of Great Lakes shipwrecks with the public and promote science, technology, engineering and mathematics (STEM); and

Whereas, national marine sanctuaries protect nationally significant resources, such as Wisconsin's Great Lakes shipwrecks; and support research and documentation to better understand, protect, and increase public appreciation and access to the well-preserved shipwrecks; and

Whereas, the proposed Wisconsin-Lake Michigan National Marine Sanctuary would leverage the investment made by the State and Mid-Lake Michigan harbor towns to enhance tourism as a key component of economic development in the State and this region; and

Whereas, local resources and infrastructure may be used in partnership with NOAA to complement and enhance a national marine sanctuary in the State.

Now, therefore, be it resolved, that the Great Lakes and St. Lawrence Cities Initiative endorses and strongly supports the designation of the "Lake Michigan – Wisconsin National Marine Sanctuary" on behalf of the State of Wisconsin; the Cities of Two Rivers, Manitowoc, Sheboygan, Port Washington and Mequon; and Manitowoc, Sheboygan, and Ozaukee Counties currently under consideration by the National Oceanic and Atmospheric Administration.
